

An update from Marshall White on COVID-19 Auctions and Inspections

In accordance with the most recent State Government guidelines, one on one private inspections are able to take place from 28th September 2020, by appointment. Inspections will be led by one agent and can be attended by one prospective purchaser or tenant, along with their partner/spouse, and any children under the age of 18. Viewings must last no longer than 15 minutes and social distancing practices must be followed throughout. Hand sanitiser will be provided by the agent however we encourage clients to refrain from touching household items during the viewing. We ask that clients not attend if they show any signs of fever or flu-like symptoms.

Auctions are able to take place online throughout this period. Please contact our agents to make your interest in any of our listed properties known to us.

Marshall White offices are closed but we are still available to provide you with any support or guidance you may require. We have adapted our processes to ensure that we can continue to safely meet your needs. Our commitment to our clients remains unchanged and we continue to deliver outstanding results in helping people achieve their property goals.

These times are unprecedented, and we are mindful of the community's health concerns and the stresses associated with all property dealings at this time.

We wish you and those close to you the best of health and please contact our office should you have any questions.
