

An update from Marshall White on COVID-19 Auctions and Inspections

Auctions and Open for Inspections are now permitted with a rule of 1 person per 2 sqm at a property. Attendees must submit their contact details via electronic capture and social distancing practices must be followed throughout. Hand sanitiser will be provided by the agent however we encourage clients to refrain from touching household items during the viewing. We ask that clients not attend inspections if they show any signs of fever or flu-like symptoms.

Live auctions can take place inside outside with up to 50 people, from any number of households, excluding infants under 12 months. Social distancing practices must be followed throughout. Please contact our agents to make your interest in any of our listed properties known to us.

We have adapted our processes to ensure that we can continue to safely meet your needs. Our commitment to our clients remains unchanged and we continue to deliver outstanding results in helping people achieve their property goals.

These times are unprecedented, and we are mindful of the community's health concerns and the stresses associated with all property dealings at this time.

We wish you and those close to you the best of health and please contact our office should you have any questions.
